

Investigating measurements at home

Choose the correct unit of measurement. Make an estimate, then find the actual measurement.

	Unit of measurement	Estimate	Actual measurement
<p>capacity</p>  <p>glass of water</p>	<p>ml g</p> <p>cm</p>		
<p>mass</p>  <p>box of cereal</p>	<p>g ml</p> <p>m</p>		
<p>length</p>  <p>length of your bed</p>	<p>m kg</p> <p>ml</p>		
<p>height</p>  <p>your kitchen table</p>	<p>l g</p> <p>cm</p>		
<p>Choose an item of your own</p>
